Sir,

I have the honor to state, that since Wednesday last, Coining Press no 6 has been idle waiting for a new collar ring to take the place of one worn out. Every day this press remains unemployed is a loss of out put of about sixteen hundred dollars per day in five cent nickel pieces, and in view of storing a supply in advance for the future, I would respectfully request, that the machinists, be directed to attend to this matter at once.

Very Respectfully
H. A. Steel

Coiner
